

LASH LIFT, TINT & BROW LAMINATION PREP, AFTERCARE, Q&A

Lash Lift and Tint: WHAT IS A LASH LIFT?

The Lash Lift is the beauty equivalent of a "push-up bra" for your lashes! The treatment instantly gives them lift, separation, and extra definition without the use of extensions or any harmful chemicals. Just like old-school perms from the '80s, a lash lift sets the shape of your natural lashes using a silicone rod and works in 3 steps: perm, neutralize, condition.

WHAT IS BROW LAMINATION?

Brows that are laminated can be directed upwards, sideways or down to create a different brow texture. A feathery brow effect can be achieved, as well as correcting brow growth patterns, such as brows that are curled, kinked or do not lie in an even pattern. This treatment creates volume and fullness, while giving you a sleek well-kept brow shape for up to 2 months.

WHY CONSIDER A LASH LIFT, TINT, OR BROW LAMINATION?

- Lash lifts are a great alternative to lash extensions, if you're not a good candidate to have them done (ex: adhesive allergy)
- Lash lifts curl your natural eyelashes with a dramatic curl
- Brow lamination reshapes your natural brows with a more defined arch, and they can also be darkened with a tint
- Results last 6-8 weeks, depending on your hair growth/shedding cycle
- Get ready faster in the morning
- Won't smear in the pool, shower, and spa
- Sleep on your face and sweat like crazy at the gym

HOW DO I PREPARE FOR THESE SERVICES?

You should thoroughly clean your lashes with a mild cleanser. Use an oil-free makeup remover to remove any eye makeup and clean your lashes and/or brows prior to the application. If you regularly wear false lashes or waterproof mascara, spend extra time cleaning your lashes before your service. Try to avoid caffeinated beverages or medications that may cause you to feel jittery, thus causing your eyelid to flutter or pulse during the application.

WHAT DOES EACH APPLICATION PROCESS ENTAIL?

A Lash Lift takes about 1 hour (60 minutes). If you choose to add in a Lash Tint, your application time will be closer to 1.5 hours (90 minutes).

LASH LIFT (60 min): \$150

LASH TINT (30 min): \$100

LASH LIFT & TINT (75 min) \$200

Recommended:

lift every 6-8 weeks, tint every 4-6 weeks

BROW LAMINATION (60 min): \$150

BROW TINT (30 min): \$100

BROW LAMINATION & TINT (75 min): \$200

Recommended:

lamination every 8-10 weeks, tint every 4-6 weeks

Brow Lamination takes about 30-45 minutes. If you choose to add in a Brow Tint to your service, your application time will be closer to 1 hour (60 minutes).

LASH LIFT AFTERCARE:

Simple and easy aftercare:

- Do NOT wash eyes or shower for 24 hours
- Do not wear eye makeup or mascara for 24 hours

BROW LAMINATION AFTERCARE:

Simple and easy aftercare:

- Do NOT get brows wet for the first 24-48 hours.
- Do not use harsh cleansing products on brows
- Do not wear brow makeup for 24 hours
- No other facial beauty treatments for 24 hours
- Try to use oil-free products
- Avoid steam and sweat for 24 hours for both lash lifts and brow lamination
